

## FISH DEALER IN AN ACCIDENT

A Japanese fish dealer from the Koon side of Oahu, while coming down Honolulu on Saturday morning on the Pali road, met with a bad accident and received injuries which necessitated his being taken to the hospital. He was driving a skittish horse, and in his wagon was his night's catch of fish, intended for the fishmarket. Near the electric light station the horse ran away, throwing the Japanese out upon his face and shoulders, rendering him unconscious. He was severely cut on the face, shoulders and chest. The wagon was smashed and the fish scattered over a long stretch of the road.

### The Full Pocket Statesman.

William White of Lahaina has been nominated by the Home Rule party as Senator for Maui. It was not believed that they would have the nerve to do this, and some of them openly claim that White forced his nomination in opposition to the wishes of the Home Rulers, who fear him as much as they despise him. But White has been nominated, and the decent element on Maui owe it as a duty to themselves to defeat him at the polls. A man who openly avowed two years ago, after he was elected, that he would be a fool to come home from the Legislature with empty pockets, can be beaten, must be beaten and will be beaten.—Maui News.

### Fusion for Maui.

Now is the time for the Republican party on Maui to do politics which will prove themselves worthy of the trust of the people at large. A fusion of the Republican and Democratic forces on Maui is indispensable to victory this fall, and that result can be accomplished by placing an avowed Democrat, say Thomas Clark or T. B. Lyons, on the Republican ticket as candidate for the Legislature; and this should be done without asking the candidate to avow himself as either a Republican or a supporter of the Republican platform. The Republicans have not forgotten the bitter defeat of two years ago, and the lesson then should serve to guide them now.—Maui News.

### The Seattle Fruit Market.

Encouraging reports come from Seattle by almost every mail as to the condition of that market as far as the sale of consignments of Hawaiian fruit are concerned. That market has already given the Honolulu shipper, in many cases, a much higher price for his product than can be obtained for the same goods at San Francisco. A recent shipment of pineapples brought \$3.50 a dozen in Seattle. These were sent west not for the fact that the crop for this year here has been pretty well cleaned up. The steamer Tampico which sails for Seattle in a few days' time will probably take a big consignment of bananas.

There is no man, woman or child in the world whom Turkish and Hot Vapor Cabinet Baths will not benefit. No one can be thoroughly healthy and cleanly who does not perspire freely and frequently.

Among certain people the idea seems prevalent that the Cabinet bath is beneficial only to those afflicted with some disease. True, the best physicians throughout the country prescribe these baths as the best treatment for colds, la grippe, rheumatism, blood and skin diseases, nervous troubles, kidney complaints and other eliminative diseases; yet it is a well-known fact that the e baths far surpass all water baths in their cleansing properties and in the invigorating effects they produce on the muscular and nervous system.
